## Fleet Captains Ramble

I'm going to refrain from using such well worn cliches... "Well its that time of year...etc", as I can safely assume that you'll all show that same enthusiasm and fortitude that David Black showed that hot Sunday in April by launching his Laser into the icy waters of the club and showing us all that "sailors have more fun (?)".

During the past year I reviewed some input regarding the sailing program. One of these suggestions was related to the Laser class and its status within the club. In order to encourage more Lasers off their storage racks, we are going to acknowledge the reality that has existed in the club for the past two years and give the Lasers recognition as a separate fleet. In practise this is going to mean separate starts in the racing for both Albacores and Lasers, in the Spring Frostbites, Regular Series and Fall Frostbites. This will mean, of course, three new Laser trophies for these racing series. Any club member who feels they would like to donate a Laser trophy for one of these series should contact me and we could discuss the details. (The incentive, of course, is to get your name permanently on a trophy, the next best thing to winning it)

Additionally this year we will try to organize some team racing. This would be a new venture for the club, and as of this date we are setting aside the afternoon of Saturday June 27th to try out our ideas. If you are interested, let me know, or sign up on the notice board in the club.

As well, the sailing program will offer its usual fair of series races. \* trophy races, regattas and training programs. I hope we get a good turn out for the adult training program and see if we can't win some of the trophies back from the Juniors.

We've tried to put together an interesting program of sailing this year, but its success or failure depends on you the sailor. So in the words of the immortal bard, "May fair winds fill your sails and may you never sit on your cam cleats".

APPLICATION FOR 1976 ADULT SAILING COURSES

For the 1976 season the proposed Club programme for adult members consists of four series of sailing training courses, each Course being of eight classes. Class sizes will be limited to twelve persons, and all applications will be accepted on a first-come, first-served basis.

Qualified instructors will direct each Course, and we aim to progress from learner levels in July to more advanced levels in August. Instruction will be given in Albacores and in the Club's new "Code 40" boats.

Two Courses will be conducted in July; one in the mornings on Tuesdays and Thursdays (commencing Tuesday, June 29, at 10:30 a.m.) and the alternative on Thursday evenings and Saturday mornings. Each Course is a separate "class". In August the morning Course will be on Wednesdays and Fridays (commencing Wednesday, August 11, at 10:30 a.m.) and the alternative on Tuesday evenings and Sunday mornings.

The flat fee for each eight-class Course will be \$25.00, payable at the time of application. Please complete the following Application Form and mail it, with your remittance, to the above address.

APPLICATION FOR 1976 JUNIOR PROGRAMME

The Club's organized Junior Programme consists of Sailing and Swimming instruction, presented in two four-week sessions -- June 28 to July 23 and August 9 to September 3 (with a two-week break between sessions). Each programme is directed by qualified instructors. The fee for each activity is established separately, as shown below. The cost of taking the required proficiency test(s) to meet CYA, Red Cross or RLSSC standards, and the purchase of manuals and other material will be extra, charged at cost and collected separately. See overleaf for a tentative schedule: please retain the timetable for your summer calendar, and watch "THE MASTHEAD" for further details.

SAILING TRAINING: Junior Sailing consists of training at all levels up to Gold Sail, in accordance with current proficiency standards of the CYA. Candidates for Gold Sail must sign up for the full eight-week session (July and August), and the inclusive fee will be \$50.00 (the same as last year). In 1976 the Silver Sail course will be of six weeks duration and run in parallel with Gold Sail for the first six out of the eight weeks that the regular Junior Programme is operated.
